C Programming Assignment 1

darsh mistry

August 2025

1 Convert minutes to hours.
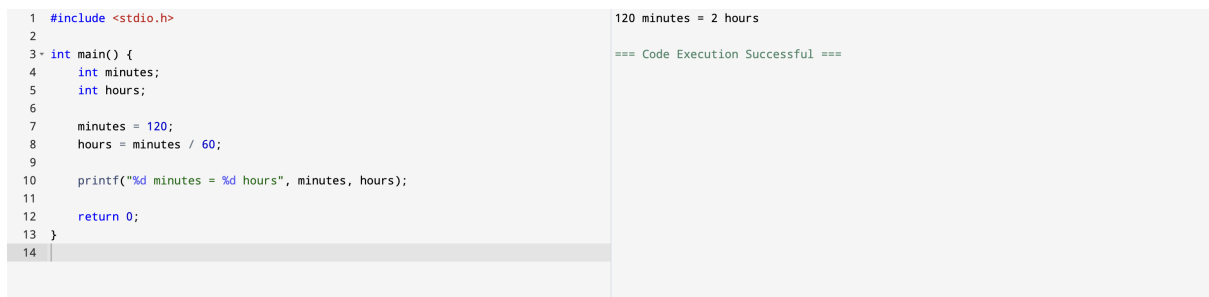

```c
#include <stdio.h>

int main() {
    int minutes;
    int hours;

    minutes = 120;
    hours = minutes / 60;

    printf("%d minutes = %d hours", minutes, hours);

    return 0;
}
```

```
1   #include <stdio.h>                                     120 minutes = 2 hours
2
3 - int main() {                                           === Code Execution Successful ===
4       int minutes;
5       int hours;
6
7       minutes = 120;
8       hours = minutes / 60;
9
10      printf("%d minutes = %d hours", minutes, hours);
11
12      return 0;
13  }
